

# Cyber Security & Insurance - The Challenges & Opportunities

October 8, 6pm - 8.30 pm, London

#InsurTech #InsTechLondon #CyberSecurity @InsTech\_London @Illumio. Wifi: frontofhouse123

## InsTech Welcome, Housekeeping and Introductions

	<b>Illumio</b>	<b>Richard Kirk Vice President EMEA</b>	Illumio, the leader in micro-segmentation, prevents the spread of breaches inside data centre and cloud environments. The Illumio Adaptive Security Platform® uniquely protects critical information with real-time application dependency and vulnerability mapping coupled with micro-segmentation that works across any data centre, public cloud, or hybrid cloud deployment on bare-metal, VMs, and containers.	<b>@Illumio www.illumio.com</b>
	<b>NTT</b>	<b>Garry Sidaway SVP, Security Strategy &amp; Alliances</b>	The specialized security company for NTT Group, delivering integrated security solutions worldwide. They specialize in managed security services and consulting that enhance and extend the wider services provided by NTT Group companies including NTT Communications, NTT DATA and Dimension Data.	<b>@NTTSecurity_UK www.nttsecurity.com</b>
	<b>Liberty Specialty</b>	<b>Helen Gemmell Cyber Underwriter</b>	Liberty Specialty Markets offers specialty and commercial insurance and reinsurance products across key UK, European, Middle East, US and other international locations.	<b>@LibertySpecMts www.libertyspecialtymarkets.com</b>
	<b>Cybercube</b>	<b>Oliver Brew Head of Client Services</b>	CyberCube are solely focused on solving the most difficult and important cyber risk challenges in insurance with world-class analytics. Their team is composed of multi-disciplinary experts across data science, cyber security, software engineering, modelling and commercial insurance. CyberCube offers a software-as-a-service platform for cyber risk aggregation modelling and insurance underwriting.	<b>@CybCubeCom www.cybcube.com</b>
	<b>Cambridge Centre for Risk Studies</b>	<b>Jennifer Dafron Research</b>	The Centre provides frameworks for recognising, assessing, and managing the impacts of systemic threats, with a focus on how their impacts ripple across an increasingly connected world. To test their research outputs and guide their research agenda, the Centre engages closely with business, industry and government partners.	<b>@Risk_Cambridge www.jbs.cam.ac.uk/faculty-research/centres/risk</b>
	<b>Hiscox</b>	<b>Stephen Ridley Lead Cyber Underwriter</b>	Hiscox is a global specialist insurer, and there is little more specialist in the insurance market than cyber. As such, cyber is a key strategic initiative across every territory that Hiscox operates in, with a strong focus on developing market leading insurance products, a claims proposition that gets customers back on their feet as quickly as possible, and additional services that add genuine value to the customer.	<b>@HiscoxUK www.hiscox.co.uk</b>
	<b>Kovrr</b>	<b>Shalom Bublil CRO &amp; Cofounder</b>	Kovrr enables insurers to understand, quantify and minimise cyber risk while maximizing value through global data harvesting and sophisticated AI-based risk modeling engines.	<b>@kovrrins www.kovrr.com</b>
	<b>Describe Data</b>	<b>Michael Crawford CEO &amp; Cofounder</b>	Describe Data is an InsurTech startup using alternative data sources, machine learning and AI to understand insurance risks. Founded by PhD data scientists, actuaries and IT professionals, the Describe Data team are insurance industry insiders with deep technology skills and experience. Describe Data's cyber insurance product "Kompreno" analyses and models exposure to cyber risks.	<b>@DescribeData www.describedata.com</b>
	<b>Kynd</b>	<b>Andrew Thomas CEO &amp; Founder</b>	Providing pioneering cyber risk management for EVERY business that operates online. Simple to understand, quick to monitor and easy to prevent - with just a domain name it will tell you within seconds the cyber risks facing an organisation in a language everyone can understand - no technical jargon!	<b>@KYNDCyber www.kynd.io</b>
